Training:

It was such a pleasure to interact with Tony Wake during our 4 day course -Fundamentals of Influence. Tony spent approximately 8 hours a day with us on the 4 days, teaching myself and others in the class how to use the techniques of hypnosis, both for ourselves and to reach a specific goal. Not one second of boredom but lots and lots of fun. Keeping it interesting and so alive.

During my interaction with him, it was clear that he has a great amount of experience, working with people in all walks of life

He is patient, kind, and above all, professional in his interactions with his students. He has such a positive outlook on life – truly a master in his field of expertise

Personally I would like to thank Tony sincerely for being who you are and sharing your knowledge with us all. It has been a pleasure to be in your class and looking forward to the next one

After going through the course, I will never look at anyone in the same way again! People don't realize how much they communicate without even saying a word. It has really changed my life.

Tony's performance changed the evening! We were completely mesmerised by his show. I particularly enjoyed his interaction with the crowd, the fact that he read the crowd and used this in the show. I would highly recommend him!

I used to think that I couldn't be hypnotized... Well, let's just say Tony proved that idea wrong, and very quickly too. He's a great entertainer! I felt completely safe while under his "spell".
